

[塔羅斯] Wetris

林經堯 Jin-Yao Lin、葛如鈞 Ju-Chun Ko

張延瑜 Yan-Yu Chang、林亮均 Liang-Chun Lin

與對面靈動的雙眼互動遠比面對冰冷的機器有趣，在「我」之前你們需要的不是敵人而是朋友。觸摸我，然後你會發現你有多麼需要張開你的口。溝通才能生存。除外我不打算告訴你任何規則。

Wetris becomes not just a game but a sociable interface, as long as people start to collaborate, communicate, and negotiate with each other when they play around in a round. Using your instinctive sense of touch, re-aware the ability of communicating with some others, it's the only way to survive, and we finally find out what is missing from this computer/electronic-game ages. Touch me around in a round. Except that, we're not gonna tell you any other rule in the not-just-a-game Wetris.
